# Programme

The “Focus on ...” forums, organized by the TSB Technologiestiftung Berlin, serve to promote awareness of Berlin’s strengths in key fields and some of the region’s most interesting projects and players.

The events are ideal for both guest researchers from abroad as well as regional researchers who want to learn more about what the region has to offer.

On the 27th of September 2011, the Focus will be on the Health Industries, looking at innovative and successful companies with a strong international presence.

The event starts with a tour of the Berliner Medizinhistorischen Museen der Charité at 17:00 the presentations start in the Hörsaalruinen der Charité at 18:00.

The tour starts from the entrance to the lecture hall, not at the entrance to the museum!

**Please register if you would like to attend.**

Admission is free.
