

# XVIII. BIONNALE 2021

MAY 12, 2021 | BERLIN

## Why BIONNALE?

BIONNALE is the largest networking event for life sciences and healthcare industries in one of Europe's leading life sciences locations – the German capital region Berlin-Brandenburg. Representatives from academia and industry attend the annual event to identify, engage and enter into strategic relationships. The networking character is one strength of the multi-sessional, international event with more than 800 attendees in the last years.
